Dear Dr. Cuenod:

We are very pleased that The Human Frontier Science Program (HFSP) has engaged Hogan & Hartson to assist in connection with securing funding from the United States government. Paul Rogers will have primary responsibility for this matter. He will be assisted by Christine Warnke, Ph.D., our governmental affairs advisor, and I may also be involved. We are enclosing a proposed strategy for your review and approval.

We will provide our services on an hourly basis at our standard rates for attorneys' time, which are periodically revised. Our standard hourly rates currently range from \$100 per hour for our younger associates to approximately \$300 per hour or more for certain of our partners. Mr. Rogers' current hourly rate is \$370. The hourly rates for Dr. Warnke and for me currently are \$175 and \$200, respectively.

We will bill you monthly for legal services and other charges. Payment in full is required within 30 days of your receipt of our statement.

As you know, Hogan & Hartson represents and will represent other clients that are or may be involved in transactions or have other contacts with HFSP and/or its affiliates. We understand that HFSP consents to the firm's continued and future representation of such other clients. This also confirms our understanding that HFSP is our client and that we do not represent its affiliates unless HFSP advises us that an affiliate is involved in this representation.

This will also confirm that our client for purposes of this representation is Human Frontier Science Program and not the governments of the countries that fund its operations and research grants or others whose interests it may represent. By undertaking this representation of HFSP, we do not regard the firm to be representing any of those governments or affiliates. Nor do we regard the firm as being precluded from separately representing any of the contributing governments or from taking positions that may be adverse to the interests of those governments.

If this correctly reflects our understanding, please sign, date, and return to me the enclosed copy of this letter. If you have any questions regarding any aspects of our representation please call me.

Again, we are pleased that you have asked us to handle this matter. We look forward to working with you in making the HFSP a success and to developing a more extensive relationship with you and HFSP.

Sincerely,

Barbara Mishkin

The attached information is **CONFIDENTIAL** and is intended only for the use of the addressee(s) named above. If the reader of this message is not the intended recipient(s) or the employee or agent responsible for delivering the message to the intended recipient(s), please note that any dissemination, distribution or copying of this communication is strictly prohibited. Anyone who receives this communication in error should notify us immediately by telephone and return the original message to us at the above address via the U.S. Mail.

MESSAGE:

Of course we can make initial contacts, and then decide whether or how to proceed, depending upon responses. The Administration's strategy will be to reduce/contain spending across the board, to the extent possible; so I think that contacts with individual members of the House and Senate is still the best strategy.

NOTE: Congress will adjourn August 11 for summer recess. We suggest meeting with two or three key senators before the recess, in order to see whether we can get something into the budget during the Senate mark-up in September. If we receive any encouragement, we could then try drafting something to be introduced in September.

If you would like to try that approach, we could agree to spend about \$5,000 on initial meetings, and then decide how much additional effort you wish us to make.

Warmest regards,

Barbara Mishkin

Dear Mrs. Mishkin,

In response to your letter of July 23, 1993, regarding possible contacts with some Congress-persons, I am pleased to inform you, on behalf of Prof. Cuénod, Secretary-General of our Organization, who is out of office for the moment, of his decision that he is in agreement with the initial meetings proposed in your letter, with the expenditure of around US\$ 5,000.

Thanking you for your cooperation,

Yours sincerely,

Saichiro YOSHIMURA

Dear Michel:

Although we have reached agreement on the scope of our initial work for HFSP, it is still necessary for Hogan & Hartson to have on file a signed copy of our letter of engagement. This is partly because the firm represents a number of foreign governments and it is important to be clear about the scope of each representation and to delineate exactly who the client is, in each instance. Accordingly, we need to have on file your confirmation that in this case, it is the HFSP, and not any of the governments that contribute to it, which is our client. In addition, it is important that our files contain your permission for this firm to become involved in representations involving the other governments, so long as the representation does not conflict with what we have agreed to do on behalf of HFSP.

Could you please sign and date the engagement letter I prepared on July 1st? It is acceptable to add to it, if you wish, "as further clarified by letter to Ms. Mishkin from Saichiro Yoshimura dated 26 July 1993." If you have any questions about this process, please call.

Sincerely yours,

Barbara Mishkin
